CLASS PLACEMENT 2023

Dear Parents / Caregivers,

The process for allocating students into classes for 2023 will begin early next term. As part of our consultation process, you are invited to provide information you would like considered in determining the class into which your child/ren are placed. This is important because much deliberation and time goes into placing each child into an appropriate class that will best cater for his / her learning needs. Once the process is completed, students are rarely changed from one class to another except in extenuating circumstances.

In considering your child's placement, we take many factors into consideration. These include but are not restricted to academic ability, behaviour, social needs, gender balance and teacher-student relationships.

If you have any information that you would like to share with us about your child in relation to their education for next year please request a form by contacting Renata by email Renata.Brook241@schools.sa.edu.au, phone 82704222 or by visiting the Front Office. Return the form marked confidential to Sharon.Willoughby236@schools.sa.edu.au or to the Front Office **no later than Friday 30th September 2022 (end of Term 3)**.

If the placement process is complete, students will be informed of their new classes on Wednesday December 14, (Week 9, Term 4) and a note will be sent home informing parents of their child's class, teacher (if known) and location. At this stage, changes to your child's class placement will only be made in extraordinary circumstances.

Regards,

Sharon Willoughby
